A SORORITY IS...

Sororities are national or international sisterhoods with chapters at accredited colleges and universities. As extended family units, sororities offer warm, caring atmospheres which encourage development.

Sororities promote sound scholarship, leadership ability, community outreach, and lifelong friendships. All sororities sponsor chosen philanthropies supported by collegiate and alumnae chapters. Philanthropies may include aid to handicapped children and adults, support of national health-related organizations, assistance to disadvantaged women and children, or support of educational and literacy programs.

General Information

- **Northwest Harris County Alumnae Panhellenic** - NWHCAP will help provide you with general sorority information and will notify Houston Alumnae groups of your intent to participate in membership recruitment. **THIS DOES NOT REGISTER YOU WITH YOUR COLLEGE PANHELLENIC.**

Register on-line at www.nwhcap.org by the posted deadline. If you miss the deadline or fail to register with NWHCAP it does **NOT** mean that you will not be able to participate in recruitment. It does mean that you **MAY** have difficulty finding alumnae members home in the summer and available to write your reference and get it to the school in time for their deadline.

The NWHCAP deadline is the same whether your school has fall or spring recruitment. The sorority members use the summer time to get organized and ready for recruitment.

- **Campus Panhellenic Association** - When you register with your campus Panhellenic (**and this is a must**), they will send you information about what you can expect during the recruitment process on their campus. Campus registration dates vary so check their website or call to find out the deadline at your university. The information you will receive usually has dress guidelines and photo examples. Wear clothes you feel good in and comfortable shoes - you will be standing and walking a lot.
- **Recruitment** - In order to go through the recruitment process, you may need a **reference** (a form with your personal information requested by the sorority chapter) written by a **sponsor** (an alumna member) for each sorority on your campus. Your sponsor will obtain the reference form for her sorority.

Membership recruitment is typically 3 to 4 events, intended for you and the sorority women to meet and for you to learn more about sorority life and their sorority in particular. The emphasis is on conversation and getting to know each other since it is a mutual selection process. Each sorority has a variety of women in them so don't judge them by a stereotype given to you for the whole group. The period of recruitment varies, but usually lasts for several days.

- **Sorority Membership...It's for life!**
All sororities were created with the desire for friendship, leadership, achievement and philanthropy, in their pursuit of higher education. Among the many benefits, they offer you a home away from home, help make the university smaller by providing an easy way to connect with others and give you an opportunity to develop leadership skills. This also provides a lifetime of friendship through alumnae associations throughout the country and abroad where you can make new friends as you move to different locations. Alumnae groups are among the most noted organizations that support community non-profit organizations. Sorority membership offers benefits for a lifetime which are too numerous to mention.

Scholarship - Every sorority wishes to maintain a high chapter grade point average, therefore each must consider a woman's ability to adhere to its scholastic standards. It is hoped that each student pledged will place importance upon the completion of her education and that she remains involved with the sorority for the full four years.

Compatibility - Sororities are based upon friendship, congeniality and mutual ideals. The ability to get along with others and the enjoyment of being with people of diverse personalities are desirable qualities.

Interest in Involvement - Those who are group-oriented and who enjoy working with people are more likely to contribute to sorority operation and to benefit from membership. The potential member's list of high school activities need not be long if there is indication that she has truly participated in some...rather than being merely a "joiner" in many activities. It's quality of involvement over a number of activities that counts the most.

Financial Responsibility - Membership dues finance each sorority. Women participating in the membership recruitment process should be aware of the cost of sorority membership and be willing to accept the financial obligation.

Cost of membership - Expenses for sorority membership include pledge fees, initiation fees, building fees, and dues. To secure accurate information regarding the expenses for sorority membership on your campus, go to their website and search for "Greek Life." Review the material on the university website or contact the Panhellenic Council on the campus you are attending to find out specific costs for sorority membership at that particular campus. Fees will vary by sorority. This information changes from year to year and the Panhellenic office at each campus has the up-to date information regarding these costs and will be your most reliable source for this information.

It's a Mutual Decision - Sororities which are members of the National Panhellenic Conference (NPC), are private social organizations whose collegiate members have the right to invite into membership the women they deem to be most congenial. The privilege of choice is mutual. Although a sorority has the right to choose whom it will invite to pledge, the recruit also has the right to choose which sorority she will want to join. If you would like to join a sorority, it is best to do it your first year in college because it is much more difficult to get in your second year in school.

It is best **not** to make up your mind about joining any sorority **until** you have met its active collegiate members. Remember that you are not joining a "name" but choosing a closely-knit group in which you expect to make lasting friendships in college and alumna life. Also, remember that individual sororities differ from campus to campus and there are girls in every sorority that you would develop lasting friendships with. Enter recruitment with an open mind, go to all the first round parties you are invited to attend and give each group a chance.

When your final decision is being made on you preferential signing at the end of the Membership Recruitment events, you, the recruit, are urged to list more than one group, in preferential order, when indicating the sororities that you are interested in joining. Maximize your chances for sorority membership by choosing more than one and knowing that your second or third choice may be the one you have promised to join if you are offered membership.

Potential New Member Registration Process

Some potential members may not know sorority alumnae. In an effort to assist potential members, the NWHCAP Association has the following **suggested** procedure for providing your information to alumnae groups.

The potential member will complete a Potential New Member Registration Form and submit the form and requested information to the Panhellenic Recruitment Chair via email. The Panhellenic Recruitment Chairman will then distribute this information to the **Panhellenic Alumnae** in the area. Each sorority alumnae group will use the information you submit in an effort to obtain a personal reference for the potential member. Your local references on your resume are therefore very important.

The sooner you submit this information, the more time you will give the sorority alumnae groups to contact their members on your behalf.

This procedure DOES NOT guarantee that the designated sororities will recruit these candidates.

You should not ask for a recommendation from a sorority alumna, but it is to your advantage to make family and friends aware of your intention to participate in the recruitment process. If an alumna offers to write a recommendation for you, you may accept their offer.

The Panhellenic's goal is to assist all Northwest Harris County potential members in having the best recruitment possible, ending with the maximum number of girls becoming members of a sorority.

It is to your advantage to submit all completed registration information to the Recruitment Chairman as before the deadlines listed below even if you are undecided on your choice of schools or if you are attending a school with deferred recruitment. Registration information must be received by April 30, 2010 for fall and deferred recruitment.

- Contact the NWHCAP Recruitment Chairman, Tracey Nelson 281-655-0315 or via NWHCAPRecruitment@yahoo.com if you have any questions.

Path of your Information

- Potential New Member registration received by Panhellenic sometime on or before April 30, 2010.
- Sorority alumnae receive the registration information.
- Alumnae make effort to obtain potential member recommendations.
- Recommendations are sent to college chapters from alumnae **by July 1st**. More questions? Leave a message for the Recruitment Chairman at 281-655-0315.

Registration -- Instructions

1. Download and complete the [New Member Registration Form](#) on the NWHCAP website (www.nwhcap.org) which includes the following:

- Resume - see sample format below
 - Digital photos (**maximum 2 snapshots**; one full body and one close up is recommended, files not to exceed 2 mb in size)
2. Email the registration form, resume, and photos to the Recruitment Chairman - NWHCAPRecruitment@yahoo.com.
 3. **IMPORTANT:** You **must** sign up with your college panhellenic in order to go through recruitment. They will require similar information packets which will be unique to each college campus. Check your college website to find out the exact requirements, and when they are due.

Greek Terminology

Active - Commonly used term to denote a fraternity or sorority member in college.

Agent - A person (male or female) who recruits for a sorority in any way.

Alumna - A sorority/fraternity member (feminine) no longer in college.

Alumnae Panhellenic - An area organization of alumnae (post college members) of National Panhellenic Conference (NPC) member sororities.

Bid - Invitation to join a sorority or fraternity.

Chapter - Membership unit of a fraternity or sorority.

College Panhellenic - The cooperative college organization of women's NPC member sororities.

Deferred Recruitment/Membership Recruiting - Membership recruitment week scheduled sometime after school opening or in the second semester or at the beginning of sophomore year.

Dropping Out of Recruitment - If it becomes necessary for a potential new member to discontinue attendance at Recruitment events, she should check with her College Panhellenic as to procedure and registration for Recruitment at a later date.

Fraternity - Name that applies to all Greek-letter organizations, characterized by a ritual, pin and strong ties of friendship. Informally, women's fraternities are called sororities.

Information File - File used by all sorority groups compiled by Alumnae Panhellenic from information furnished by college-bound women interested in Recruitment.

Initiation - Inspirational ceremony by which new members/pledges become active members.

Legacy - Generally defined as a daughter, sister or granddaughter of an initiated member, although each sorority has its own definition of a legacy.

Local - A campus organization, often with a Greek-letter name, which does not have chapters on other campuses and which is not a member of National Panhellenic Conference.

New Member - A young woman who has accepted a fraternity bid but has not yet been initiated. New member or a similar designation is the more common term being used.

Open Recruitment - A period following Formal Recruitment/Membership Recruitment with informal recruitment without scheduled events. This is designated by the College Panhellenic.

Panhellenic - Meaning "all Greek", it is the organization nationally, locally and on college campuses to further the aims of all member groups.

Preferential Bidding - A system used at the conclusion of Formal Recruitment/Membership Recruitment when potential new members and sororities indicate choices.

Quota - System used to equalize, in general, the number of members in each campus group. It means the number of women who may be pledged by each group in Recruitment/Membership Recruitment. The quota is set by the College Panhellenic and depends on the number of potential new members and sororities on a particular campus.

Recommendation or Reference or Letter of Information - Specific information form which sponsors a prospective member. Each sorority has its own form..

Recruitment Week/Membership Recruitment Week - Period of time formally designated by the College Panhellenic for meeting potential new members.

Potential New Member - High school graduate or an unaffiliated college or transfer student who plans to attend (or who is attending) a college which has sororities and who is interested in sorority membership.

Silence - The period of time designated by College Panhellenic when there are no communications between potential new members and members or their agents.

Recruitment Tips

BE YOURSELF - Recruitment is a method of getting acquainted with new college friends. Sororities want individuals who can make a positive contribution to their group.

MAKE YOUR OWN CHOICES - Choose groups with whom you feel most comfortable. Do not make up your mind about joining any sorority until you have met its active members on the campus where you will be attending college.

HOW TO DRESS - Each school is different as to what to wear to each party. (Suggestions are given by your College Panhellenic.)

BE NATURAL - Recruitment is a lot of fun! Relax, smile, have a good time, and get to know some new friends. Let good taste and manners guide your conduct during recruitment.

REMEMBER - **You must register with your College Panhellenic in order to go through Recruitment!**
